

Home Inspector Business Startup Guide

LLC · Banking · PA Licensing · Milton, Pennsylvania

You have a skill. You are good at something that people will pay for. That is the hardest part — and you already have it. Everything in this guide is the business wrapper around that skill. None of it is complicated. All of it is learnable. Follow the steps in order. **Minimum startup cost: \$125 state filing + ~\$800–\$2,000 annual insurance.**

BEFORE YOU START — Your Computer & File System

Start fresh. Or clean up what you have.

A new business deserves a clean workspace. If you have a reliable computer — uninstall what you don't use, clear your downloads folder, back everything up. If you're buying new, now is the right time. **Budget option:** Chromebook (\$200–\$350) — handles email, Google Docs, and every web-based tool in this guide. **Better option:** Windows or Mac (\$600–\$1,000) — more flexibility as you grow. **Tax note:** A computer purchased primarily for business is deductible. Keep your receipt. Your startup costs — computer, LLC filing fee, training — are all deductible as business formation expenses in Year 1.

Your Folder Structure — Build This First

Create one master folder. Everything related to your business lives inside it. The tree below shows the structure. Files shown in **blue** are ones you will create by the end of this guide.

Category-First: YOUR LLC — BUSINESS — LLC DOC — Certificate of Organization.pdf Use for: legal docs, insurance policies, agreements — permanent files you search by type. **Date-First:** 20260324 — CLIENT — Smith 123 Main Inspection Report.pdf Use for: reports, invoices, receipts, statements — files you sort chronologically. Rules: ALL CAPS for category codes · YYYYMMDD date format · no slashes in filenames · under 60 characters.

PHASE 0 — Choose Your Business Structure

Before you file anything, make one decision: how will you legally operate?

	Sole Proprietorship	Single-Member LLC ✓	S-Corp Election
Cost to start	\$0	\$125 to PA state	LLC first + IRS Form 2553
Liability protection	None You are the business	Yes Personal assets protected	Yes
Tax filing	Schedule C on personal return	Schedule C on personal return (same)	Salary + distributions
PA income tax	3.07% flat	3.07% flat	3.07% on salary
Self-employment tax	15.3% on all profit	15.3% on all profit	Only on salary potential savings
When it makes sense	Testing an idea, very low risk	✓ Best for most solo service pros	Net profit consistently ~\$60K+/yr
Recommended?	Not for a licensed inspector	✓ Yes Start here	Ask a CPA when you're profitable

Register in Pennsylvania. Not Delaware. Not Wyoming.

You'll hear advice to register in Delaware or Wyoming for tax advantages. For a Pennsylvania home inspector, this is the wrong move. Your business operates here — you inspect homes here, your clients are here, your income is earned here. Pennsylvania taxes that income regardless of where your LLC is registered. Worse, you'd have to register as a 'foreign LLC' in Pennsylvania anyway — paying fees in both states, maintaining two registered agents, and doubling your paperwork. Delaware and Wyoming make sense for online businesses with no physical presence, or companies seeking venture capital. A local service business registers where it works. **There is also something more than tax strategy at stake.** When you register your business in Pennsylvania, you become part of the economic fabric of this community. You show up in the state's business directory. You pay taxes that fund local roads, schools, and fire departments. Your neighbors can find you. You are a Milton business. Own it.

PHASE 1 — Form Your LLC with Pennsylvania

1 Choose Your Business Name & File Your Certificate of Organization

\$125

REQUIRED

Pick your name, check nobody else has it, and file immediately in the same sitting. You file two documents together: the Certificate of Organization (DSCB:15-8821) which legally creates your LLC, and the Docketing Statement (DSCB:15-134A) which is a required cover sheet. The online portal at file.dos.pa.gov walks you through both in one flow. Pay \$125 and expect approval in 5–7 business days.

- Check name availability (free): apps.dos.pa.gov/CorpSearch
- Name must end in **LLC** or **L.L.C.** — e.g., *Smith Home Inspections LLC*
- File at: file.dos.pa.gov — create a free Keystone Login account first
- **Form DSCB:15-8821 + Form DSCB:15-134A** — both filed together, prompted by the portal
- Pay **\$125** by credit card. Approval: **5–7 business days**.
- Download and print your stamped Certificate when it arrives

Save as: YOUR LLC — BUSINESS — LLC DOC — DSCB-15-8821 Certificate of Organization.pdf
YOUR LLC — BUSINESS — LLC DOC — DSCB-15-134A Docketing Statement.pdf

Mail option: Download forms at pa.gov, send to PA Bureau of Corporations PO Box 8722 Harrisburg PA 17105-8722. Same-day in-person: +\$100 by 10 a.m.

2 Your Registered Office — Already Done in Step 1

\$0

REQUIRED

The address you entered on the Certificate of Organization is your Registered Office. Nothing else to file. Your home address is free and works perfectly. Who uses a CROP (paid service)? Businesses operating across multiple states, owners who travel frequently, or people who want their home address kept private. For a local Milton inspector, your home address is the right call.

- The address from Step 1 is your Registered Office — nothing else to file
- Your address appears in PA's public business database — normal

Optional:

- Hire a CROP (~\$49–\$150/yr) for privacy or if you travel frequently

3 Write Your Operating Agreement

FREE

REQUIRED

A one-page document that says: this is my company, I own it, I run it, profits come to me. Your bank will want to see it. It proves your LLC is real and separate from you. A sample is in Appendix A. Fill in the brackets, sign it, save it. Disclaimer: Appendix A is for reference only and does not constitute legal advice. Consult a PA attorney if you have specific questions.

- Use Appendix A or search: 'Pennsylvania single-member LLC operating agreement free template'
- Fill in your name, LLC name, address, and formation date
- Sign and date it
- Keep digital and printed copies — your bank will ask

Save as: YOUR LLC — BUSINESS — LLC DOC — Operating Agreement.pdf

4 Get Your EIN — Your Business's Federal Tax ID

FREE

REQUIRED

Your business's Social Security number. Needed to open your bank account, file taxes, and put on invoices. Free and instant online. Takes 10 minutes. Your EIN appears on screen at the end — screenshot it before closing the tab. The IRS portal only shows it once.

- Wait until your LLC Certificate is approved
- **IRS.gov** → "Apply for an EIN Online" → LLC → Sole Member
- **Screenshot your EIN before closing the page — it shows only once**
- If lost: call IRS Business line 1-800-829-4933

Save as: YOUR LLC — BUSINESS — LLC DOC — EIN Confirmation Letter.pdf

REQUIRED

Pennsylvania's online tax portal. Register your business here so the state knows you exist as a taxpayer. You'll use it four times a year to pay quarterly PA income tax. Free to set up, 15 minutes, you need your EIN from Step 4.

- **mypath.pa.gov** → "Pennsylvania Online Business Tax Registration"
- You'll need: LLC name, EIN, address, NAICS code **541350** (Building Inspection)
- Do **not** register for Sales Tax — home inspection is not a taxable sale in PA
- Do **not** register for Unemployment Comp or Workers' Comp — only needed if you hire employees
- Free. Save your login. You'll return quarterly.

PA personal income tax on business profit is a flat 3.07%.

■ Quarterly Estimated Tax Reference Card

Quarter	Period	Federal Due	PA Due (myPATH)
Q1	Jan 1 – Mar 31	April 15	April 15
Q2	Apr 1 – May 31	June 15	June 15
Q3	Jun 1 – Aug 31	September 15	September 15
Q4	Sep 1 – Dec 31	January 15	January 15

Rule: Set aside **25–30%** of every client payment into business savings the day you receive it. Federal self-employment tax ~15.3%. PA income tax 3.07%. Total: roughly 28–32% on net profit. Missing quarterly payments triggers IRS penalties.

✓ End of Phase 1 checklist: Certificate of Organization (saved & printed) · EIN letter (saved) · Operating Agreement (signed) · myPATH account created. These four things are your foundation.

PHASE 2 — Open Your Business Account at Service 1st FCU

6

Gather Your Documents Before You Walk In

570-522-9710

REQUIRED

Call the Milton branch first at 570-522-9710 (ask for Misty Leonard, Assistant VP) to confirm what they need. You're showing up as the manager of a legal entity — not just as a personal customer. Bring everything in one trip.

- **Certificate of Organization** — approved LLC doc from Step 1
- **EIN letter** from the IRS (printed)
- **Operating Agreement** — signed copy from Step 3
- **Driver's license** or government-issued photo ID
- **Authorized Resolution** — a short letter stating you authorize yourself as sole manager to open accounts. Service 1st may have their own form.
- **Opening deposit** — ask branch for minimum required

7

Open Business Checking & Savings — Keep Them Separate

Low/no fee

REQUIRED

The most important financial rule: keep your money completely separate. Every client payment into the business account. Every business expense out of it. Personal account never touches business money. Mix them and a court can decide your LLC was never really separate from you — and you lose the liability shield you paid \$125 to create. Open checking (daily transactions) and savings (tax reserve). Every time a client pays you, immediately move 25–30% to savings. Don't touch it.

- **Business Checking Account** — all income and expenses
- **Business Savings Account** — 25–30% of every payment for taxes
- **Visa Business Debit Card**
- **Never use your personal account for business transactions**

Credit unions typically charge lower fees than banks. Ask about transaction limits.

✓ End of Phase 2: Business checking open · Business savings open · Debit card in hand · Personal and business money separated from day one.

PHASE 3 — Pennsylvania Home Inspector Requirements

PA does not issue a state license — but inspectors ARE governed by law (PA Title 68, Chapter 75). Two things are legally required before your first paid job.

8

Join a Qualifying National Home Inspection Association

~\$200–\$500+

REQUIRED

PA law requires full membership in a recognized national association. InterNACHI is the fastest, most affordable path: free training and exam for members. Full membership requires completing a course, passing an exam, and logging 100 field inspections. Plan this over months, not days.

- **InterNACHI** (internachi.org) or **ASHI** (homeinspector.org)
- Complete an accredited course and pass the exam
- **NHIE** (National Home Inspector Exam): ~\$225/attempt
- Complete **100 field inspections** — ride-alongs count
- Maintain continuing education annually

InterNACHI's own exam is free for members. NHIE (~\$225) also satisfies PA's requirement.

9

Get Your E&O; and General Liability Insurance

~\$800–\$2,000/yr

REQUIRED

PA law requires it. E&O; covers you if a client claims you missed something. GL covers physical accidents during an inspection. Start with your association's insurance program. This is also a deductible business expense.

- **E&O; Insurance** — client claims you missed a defect
- **General Liability (GL)** — physical accidents during inspections
- PA minimum: **\$100,000/occurrence, \$500,000 aggregate**, deductible ≤ \$2,500
- InterNACHI and ASHI both offer inspector-specific programs
- Get a certificate of insurance — real estate agents will ask
- Keep every renewal invoice — deductible business expense

Save as: YOUR LLC — BUSINESS — INSURANCE — EO GL Certificate 2026.pdf

Don't push to minimum-only coverage. One client dispute can exceed minimums quickly.

10

Radon Certification (PA DEP)

~\$150–\$300

OPTIONAL

Central PA is one of the highest-radon regions in the country. Clients will ask. Real estate agents will refer you more if you offer it. Adds \$100–\$200 per inspection. PA DEP requires separate certification before you can legally perform radon testing. InterNACHI offers a free NRPP-approved online course.

- PA DEP requires certification before offering radon testing
- Take an NRPP- or NRSB-approved course and pass the exam
- InterNACHI's free online radon course is NRPP-approved
- **dep.pa.gov** — search: radon certification

✓ PA does NOT issue a state inspector license — but you MUST have your association membership AND insurance active before your first paid job.

PHASE 4 — Your Online Presence

11 Set Up Your Business Email Address

Free–\$6/mo

REQUIRED

Your email address is the first thing clients and real estate agents judge you by. A Gmail works fine when starting out. A custom domain looks professional and costs very little.

- **Option A — Free Gmail:** smithhomeinspectionsllc@gmail.com — free, works immediately, fine when starting
- **Option B — Google Workspace (\$6/mo):** john@smithinspections.com — professional, same Gmail interface. Buy domain at domains.google.com (~\$12/yr)
- **Option C — Microsoft 365 (\$6/mo):** includes Outlook, Word, Excel
- Use it exclusively for business. Never mix personal and business email.
- Set up a signature: name, LLC, phone, certification, website

Custom domain email is deductible. \$6/month = \$72/year.

12 Add Your Business to Google Maps

FREE

REQUIRED

When someone searches 'home inspector Milton PA' you want to show up. A Google Business Profile is free and is the single most effective thing a local service business can do for visibility. Takes 20 minutes. Google mails a verification postcard (arrives in 5–14 days).

- Go to: **business.google.com** → Manage now
- Enter LLC name, category: *Home Inspector*, service area (cities/counties)
- **Do not list your home address as your business address** — choose 'I deliver services to customers' and enter your service area
- Enter the verification code from Google's postcard to go live
- Add phone, website, hours, photos (even a headshot and equipment photo)
- Ask every satisfied client to leave a Google review — reviews drive local referrals more than any other factor

A complete profile with photos and reviews outperforms a bare listing every time.

PHASE 5 — Keeping Your Business in Good Standing

13 File Your Pennsylvania Annual LLC Report Every September

\$7/year

REQUIRED

PA LLCs now file a simple annual report by September 30 every year. Log into file.dos.pa.gov, confirm your LLC name, address, and your name as manager, pay \$7. Five minutes. Miss it for six months and the state can dissolve your LLC.

- File at: **file.dos.pa.gov** by **September 30** each year
- Confirm LLC name, address, manager name — that's all it asks
- Cost: **\$7**
- **Set a recurring calendar reminder for September 1st every year — right now**

Calendar event: Title: FILE PA ANNUAL LLC REPORT · Date: September 1 · Repeat: Every year · Note: file.dos.pa.gov, \$7 fee, due Sept 30, confirm LLC name + address + manager name.

14 Pay Your Quarterly Estimated Taxes

Save 25–30%

REQUIRED

Nobody withholds taxes for you. Clients pay your LLC and it's on you to send it to the IRS and Pennsylvania four times a year. Every April this catches new business owners off guard. Fix: move 25–30% to savings every time money comes in. Consider a local CPA after year one.

- Federal: Apr 15, Jun 15, Sep 15, Jan 15 — pay at [IRS.gov](https://irs.gov)
- Pennsylvania 3.07% — pay quarterly at mypath.pa.gov
- Set aside **25–30%** of every payment in business savings
- File LLC income on **Schedule C** with your personal Form 1040

15 Renew Your Association Membership & Insurance Annually

~\$1,000–\$2,500/yr

REQUIRED

Your legal right to operate rests on your membership and insurance staying current. Let either lapse and you're outside the law. Put renewal dates in your calendar the day you sign up — 11 months from each start date.

- Keep **InterNACHI** or **ASHI** membership current
- Renew **E&O**; and **GL insurance** before expiration
- Complete any **continuing education** required by your association
- **Set calendar reminder: 11 months from membership/insurance start date**

Calendar event: MEMBERSHIP & INSURANCE RENEWAL REMINDER · Set 11 months from start date · Renew InterNACHI/ASHI + E&O/GL insurance · Login: internachi.org or homeinspector.org · Required to legally operate in PA.

By the time you reach the cost summary, your business folder should contain all of the following. Files shown in **blue** are ones you created working through this guide. If any are missing, go back to the step indicated.

בָּרוּךְ אַתָּה יְיָ הָאֱלֹהִים הָיָה לָנוּ וְנִיחָהּ שְׁלֹמֹה דָּלָמ וְנִיחָהּ הָיָה לָנוּ דְּוָרָב

Baruch atah Adonai, Eloheinu Melech ha-olam, shehechiyanu, v'kiy'manu, v'higiyanu la-z'man ha-zeh.

“ Blessed are You, LORD our God, Sovereign of the universe, who has kept us alive, sustained us, and enabled us to reach this season. ”

The Shehechiyanu is one of the oldest blessings in the Jewish tradition — recited at the beginning of something new. A first holiday. A first fruit of the season. The start of something that matters.

Jesus of Nazareth — Yeshua, an observant first-century Jew from the Galilee — would have recited this blessing. Over a new season. Over a first day of something he was about to build with his hands.

You have reached this season. You did the paperwork. You made the decision. You chose to bet on yourself. That is not a small thing.

Now go do the work you are good at. The business will follow.
